7th international open in Liffré from 23 to 26 October 2021

The pandemic once again poses threats to our community. However, we are determined to organize this open while respecting, as in October 2020, all the health constraints of the moment.

We offer you a simplified formula in 4 days and 7 rounds instead of the usual 7 days - 9 rounds.

We have lowered the registration fees to 40 € / 25 € (previously 50 € / 30 €).

100% of the amount of the registrations will be distributed in prizes with a minimum of 4000 €.

The rates have been shortened to 1 h 30 + 30 s / stroke. There is no second period.

As long as there are health constraints, we are suspending invitations to titled players. MI - GMI can however obtain a grant of 200 € for their participation fees.
